WINCH

NEW ***$349.50***

Move Them in or Out of Hangar with Ease

Don't strain your back. Use power instead. This winch was expressly designed for pulling airplanes into & out of hangars. Cable or nylon rope reels out freely then press the switch and guide the plane into the hangar. Low speed 1/2 HP motor develops terrific pulling power through pulley and double gear reductions. Handles any block for heavier planes. Drum holds 130' of 1/4" cable or nylon rope. Winch includes a 10 power cable and safety switch. Plugs into any 115 V outlet and is ready instantly.
