

STOP RUST IN ITS TRACKS.

Deal the Death Blow to Rust.

No more sandblasting. Simply remove loose rust, wipe, and apply.

KnockOut safely converts rust back to black steel and leaves a primed, paintable surface. Top coat with your favorite paint. Rust won't bleed through.

For the best protection, coat with RustOx, Encore's long-term solution for rust protection. The KnockOut/RustOx System is proven to provide years of protection, even in the harshest climates!
