COMMERCIAL DOCK**

Established in 1982, KFS DOCKS constructs high quality boat docks, marinas, and gangway ramps. Specializing in both welded aluminum or steel construction, we build durable, functional, and attractive boat docks designed to each client's unique specifications. Our Ramps are aluminum construction approved for Residential or Commercial use up to 80' in length. We also distribute high grade roto-molded floats, available for individual purchase for your dock build or floatation upgrade. In addition, KFS DOCKS has an extensive array of dock and marine accessories. Contact us today for any questions, orders, or a personalized quote.
