***"The camaraderie of the yard workers at Gladding-Hearn makes you feel that you're part of the team, not just an outsider. They include you in decisions, and when you ask a question, you get an answer; there's no hidden agenda. They build a good product."***

*Frederic "Skip" Scudder, President  
Hyannis Harbor Tours, Dba Hy-Line Cruises*

Gladding-Hearn all-aluminum construction, Incat Crowther design, LOA 154', beam 35', draft 8', 493 passengers, top speed 34+ knots. It takes experience to integrate custom details and guaranteed performance, backed by dependable customer service. All at a price you can afford.

If you are looking to build a new boat or upgrade an old one, we can offer complete design and construction, from port security vessels and pilot boats to high-speed ferries.

To learn more call Peter Duclos at 508 676-8596 or visit:
