

Broomfields Marine Exhaust

**Since
1956**

Broomfield's Marine Exhaust fabricates exhaust components and exhaust assemblies for all marine engines. All makes, models and sizes. Wet or Dry. Our risers, cans, collectors, flex joints, silencers, water jacketed elbows, superior quality craftsmanship and marine grade alloys set our exhaust components apart from the rest! Hi heat and hi-corrosive resistant marine grade alloys are used in the fabrication of these exhaust components. Specializing in stainless steel, monel inconel, copper alloys and custom exhaust systems.
