**These are Manson Kedge stainless steel "Pool" type anchors and are Det Norske Veritas approved as HHP (high holding power), each weighing 1300kg (2866 lbs). Anchors were removed from a 220' yacht during a refit project that was never completed. In addition to the anchors, we have the matching shackles and the Ideal windlass. Anchors can be sanded and polished to bring back the mirror finish, and this process can be done at an additional cost to buyer. The inspection certificate is available upon request.**

**ASKING PRICE: \$84,950.00 EACH**
