Let Us Quote Your Next Vessel!

Geo Shipyard has been a builder of commercial aluminum boats since 1979! We can custom design and build an aluminum boat to meet your requirements and specifications.

At **Geo Shipyard** we take pride in our reputation for quality in the vessels we build. We offer complete naval architectural services with detail design capabilities and we design to your needs and requirements. We build quality catamaran and mono-hull vessels, including:

**Passenger Tours / Excursions Vessels • Commercial Fishing Vessels • Crew / Supply Boats
Seismic Line / Cable • Patrol Boats • Seismic Source • Pilot Boats • Survey Boats**
