

Propellers, Nozzles, Triple and Flap Rudder Systems

Hydrodynamic design with specially skewed propeller produces **LESS DRAG, LESS VIBRATION, and LONGER LIFE** for your nozzle!

New Rice Flap Rudder System. Decreases turning radius by 70% when compared to conventional rudders. A minimum of 5% reduction in fuel consumption. Reduced traveling time even with large loads. Typically pays for itself in two years

Rice Thrust Nozzles also available
8 to 13% more bollard pull
8-10% more free running speed • 8-12% fuel savings
Custom designs available

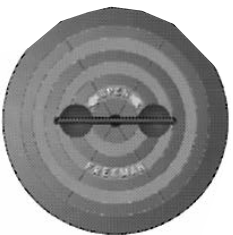

- brass
- aluminum
- stainless steel
- fixed or opening
- bolt-in or weld-in
- with / without cover
- with / without screen
- 10 to 18 inch diameters

Why not call?

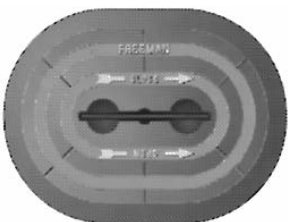

WINDOWS

PORTLIGHTS

FREEMAN QUICK-ACTING HATCHES

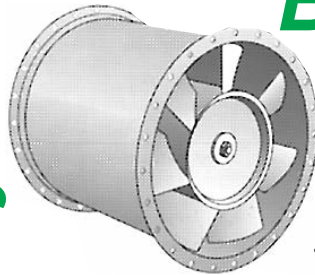

- 31 standard size covers
- custom hatches available
- flush - raised
- oval - round - square
- liftout - hinged - concealed hinge

CUSTOM OPTIONS

ring type ... mechanism type ... handle style ... hinges ... escape handles...
gaskets ... finishes ... composite installations

BLOWERS

MARINE TUBEAXIAL FANS
STEEL or ALUMINUM HOUSINGS

- diameters from 12" to 60" (or more)
- housing gauges from .105" to .25"
- flow rates from 2380 to 224,506 cfm
- static pressure performance up to 4"

Tell us the performance you need from your next blower purchase and let us pleasantly surprise you ...first with the price and then with the quality.

Is it time

to replace your old BUMPERS ?

FENDERING

available in almost any shape or size

SEWAGE TREATMENT

TYPE II MARINE SANITATION DEVICES

IMPROVED USCG & IMO UNITS AVAILABLE

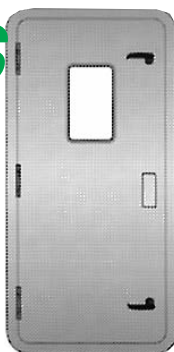

- low maintenance
- outstanding size / performance ratio
- modular design creates flexible installation options
- non-corrosive materials
- reduced operating costs
- significant weight savings

Models range in capacity from Up To 11,160 gallons per day.

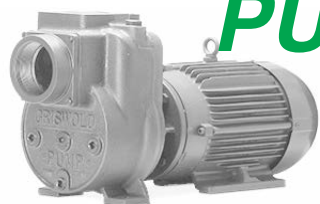

MARINE DOORS and WINDOWS

- watertight
- weathertight
- gas/fume tight
- joiner
- quick-acting
- individually-dogged
- radius or mitred corners
- insulated - hollow - solid
- single , french, or dutch panel
- steel - aluminum - stainless steel

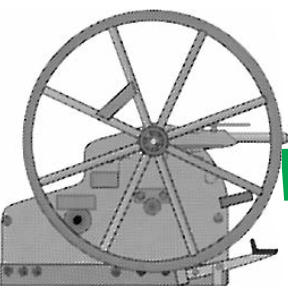

PUMPS

OVER 1000 MODELS TO CHOOSE FROM

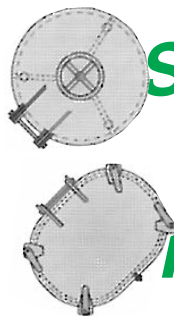

8 GPM TO 6000 GPM
BALLAST, BILGE, FIRE, FRESHWATER, FUEL, LUBE OIL, ETC., GEAR PUMPS, SELF PRIMING AND STRAIGHT, CENTRIFUGAL
Ampco, Aurora, Barnes, Burks, Crane, Crane Demming, Crown, Franklin, Goulds, Griswold, Grundfos, Haight, MP, Oberdorfer, Pacer, Viking, Etc

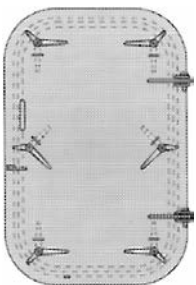

NABRICO WINCHES

- Manual
- Electric
- Hydra-Electric
- Barge moving

New & Refurbished Used Barge Winches with Warranty

SCUTTLES DOORS HATCHES

in stock & custom • standard & ABS construction
individually dogged • quick-acting

MOTORS and MOTOR STARTERS

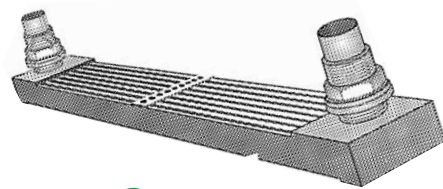

1/2HP TO 200HP Motors
IEEE45 and ABS type Approved

Various Enclosures, VFDS
Excellent Warranties

It's just a call...
